# OVERVIEW

## HERE'S YOUR CHANCE AT THE BUCK OF A LIFETIME!

Choose from OVER 115 yearling bucks (CWD Certified Fourth Year, TC 1) and 60 does from the same herds. These will be some of the top pedigreed deer in the country. Participants will own 50% of their chosen buck with High Roller Whitetails retaining the remaining 50% and will own 100% of the does.

There will be a random drawing to select which order you will draft your bucks and does. The order will be selected on Friday night at the High Roller Sale and Draft. Once the order has been determined, let the games begin! You can swap, trade, or sell your draft position to receive a better spot or just to cash in a little early. You have all day to study pedigrees, make a decision as to what your final position will be, and what you intend your draft pick to be. Trades and sales of spots can be made amongst parties privately as long as they notify someone with the Draft Records of the official order change.

On Saturday, the person that ended up with draft position #1 will select their buck or doe from the line-up first. Their selected buck and any brothers that buck may have will no longer be available for any other contestant to select. The remaining contestants will follow in the same manner according to their draft number. For the BUCK draft, to ensure that no one gets the short end of the stick, the last two draft BUCK picks will have the option to select their bucks from the undrafted bucks AFTER THEY GROW OUT!!! The last position will have first choice, second to last will get second choice. For the bucks that have twin brothers, once one of the brothers has been selected, the others are no longer available to be selected by any other participant.

In the event that your drafted buck dies, you will be able to choose your next favorite out of the undrafted lineup of bucks until October 1, 2020. Selected does MUST be picked up by the end of February 2020. Arrangements can be made if the contestant chooses to let the buck grow out at High Roller Whitetails.

# BUCK RULES

1. There will be a random drawing to select the order that participants will draft their buck. This will occur Friday night, January 10, 2020.
2. The last and second to last draft positions will be allowed to pick from the undrafted bucks once they grow out, no later than September 15, 2020. The last spot will pick first, followed by the second to last.
3. Participants have 3 minutes to decide upon their buck once it is their draft pick time.
4. Once the order has been established you can swap or trade positions amongst other participants to attempt to receive your desired draft position. Trading and selecting can occur prior to the end of the 3-minute selection period.
5. If participant is not able to decide upon a buck in their designated draft position they will forfeit their position until the end of the draft.
6. For bucks that have brothers, once one of the brothers is selected, the other brothers are no longer available to be chosen by any other participants.
7. In the case where said buck dies, owner has choice of remaining bucks based off of pedigree ONLY until October 1, 2020. In the case the buck dies after October 1, 2020, the owner and High Roller will lose all interest. In the event where the buck has been moved to owner's facility and dies prior to October 1, 2020 High Roller will allow owner to pick from remaining bucks in the draft based off of pedigree ONLY. The participant will have 72 hours to select their replacement buck.
8. If High Roller is exercising its 50% rights on said buck, both parties will split all costs.
9. Any veterinary care will be discussed with participant and High Roller Whitetails to determine how to handle care if the need arises while the buck is at High Roller Whitetails.
10. Arrangements can be made if a participant chooses to have their buck grow out at High Roller Whitetails.
11. If a draft buck remains at High Roller Whitetails past Nov. 1st, a feed and boarding charge will begin.

# DOE RULES

1. There will be a random drawing to select the order that participants will draft their doe. This will occur Friday night, January 10, 2020.
2. Participants have 3 minutes to decide upon their doe once it is their draft pick time.
3. Once the order has been established you can swap or trade positions amongst other participants to attempt to receive your desired draft position. Trading can occur prior to the end of the 3-minute selection period.
4. If participant is not able to decide upon a doe in their designated draft position they will forfeit their position until the end of the draft.
5. Does **MUST** be picked up by end of February. If not, arrangements need to be made with High Roller Whitetails.
6. Any veterinary care will be discussed with participant and High Roller Whitetails to determine how to handle care if the need arises while the doe is at High Roller Whitetails.

## WILLIE AT 2

*Willie took the the industry by storm this year with a jaw dropping frame and a picture-perfect pedigree. His tremendous spread and multitude of stacked symmetrical tines come together to bring us one of the most impressive frames we have ever seen. Himself and his womb brother Waylon are quite possibly the largest 2 year olds to ever walk in High Roller's pens. Although huge Sudden Express sons continue to show up all over the country, the maternal side of Willie's pedigree sets him apart from the rest. His dam, Georgia, is sired by Jesse James going back to LaFawnda, who is 20-28 back on Jesse James' mother. Selective line breeding at its finest, with the super sire Sudden Express bringing it all together.*

## WAYLON AT 2

*Waylon takes the term "shock effect" and skyrockets it to an entirely new level. His enormous frame boasting an inside spread in excess of 34", main beams that go forever, along with his tremendous tine length is exactly what we are all striving to achieve. Himself and his womb brother Willie are quite possibly the largest 2 year olds to ever walk in High Roller's pens. Although huge Sudden Express sons continue to show up all over the country, the maternal side of Waylon's pedigree sets him apart from the rest. His dam, Georgia, is sired by Jesse James going back to LaFawnda, who is 20-28 back on Jesse James' mother. Selective line breeding at its finest, with the super sire Sudden Express bringing it all together.*

# DOE DRAFT

## TRIPLE PLAY AT 3

*Triple Play may be the flashiest pedigreed breeders we have here at High Roller. He was drafted by Donovan Williamson and John Barber the first year of the draft. He was a beautiful two year old that had a stellar summer at 3 this year! His pedigree is Triple Crown/ Hardcore/ Whitney. That's double Tasha, double Whitney, double Miss Texas, double 86c, Holly and Blue 37. Triple Play is proof of our motto.*

## BOCEPHUS AT 3

*Bocephus is a monster typical Freeze Frame / Express / Holly son. His sire Freeze Frame was one of the most sought after bucks in the industry being an Yardstick / Tasha son. This makes Bocephus double Holly with a little Tasha, Miss Texas and Express' dam thrown in there making him one of the ultimate breeding sires at High Roller Whitetails.*

Selling 1/2 Interest in this powerhouse girl! PK932 (NADR# 282322) is Blackjack/Horsepower/Freeze Frame/GHammer/Tasha! We could go on and on about the maternal assets backing this girl but if you want to do more than just talk pedigree, add her to your next breeding line up and watch her work! We have no doubt she will carry on the production we've seen from Yellow Diamond, Ms. Hemi, Tasha, Shadow's Dam...the list goes on! With the industry's favorite sires one generation after another and then doubling up Tasha, her mother was ripe for an outcross so we bet on Blackjack! Certified herd. Delivery to be discussed following sale.

BVW Yellow 808 is 30 Below/BVW Baroness (Lonestar Express's Dam). Baroness is also dam to BVW Rewind, who was 560" at @ 2 yo and Lonestar Express's brother, who is one of the largest 2 yo in our pens. Lonestar Express was 41" wide this year and producing like crazy. Baroness without a doubt is a super doe! BVW Yellow 808 is being bred to upcoming Super Sir Overdrive (Horsepower/TC/Heidi). This breeding has it all!

3AR-1636 (DNAS # 218227) is a 2016 FREEZE FRAME Daughter. This doe has taken to her AI every year including 2017 and 2018. This year Dr. Gourley AI bred her to ENTERPRISE. We are selling this Doe GUARANTEED BRED. If she does not produce any ENTERPRISE fawns, then the buyer can cancel the sale and receive a refund. Pick her up at the Ranch with her offspring after weaning and after we receive DNA results. The 3 AMIGOS RANCH is a TAHC CERTIFIED HERD and TCI.

## ENTERPRISE AT 3

*Enterprise is the product of over a decade of selective breeding here at High Roller. Anchored by the highly prolific super doe, Lady Lex, it is no surprise that Enterprise is quite possibly the hottest buck in the industry today. With tremendous tine and beam length, incredible mass, and an insane inside spread of well over 30", he is destined to grasp his position at the top of our super sire list. His pedigree is adorned with some of our most popular and current bucks such as ATM, Blue Chip, and Triple Crown. There may not be another buck on the market that can fast forward your program to the top as quickly as ENTERPRISE!*

# 2019 BIG BUCK DRAFT PHOTOS

# THANK YOU!

**A**t High Roller Whitetails we strive to be on the cusp of the latest and greatest genetics while staying true to our proven foundation females, making the next generation something to get excited about! The 2020 High Roller Big Buck Draft and Auction is an opportunity to share the industry's leading genetics. Our goal is to make each year better than the one before; and we're confident we have something for everyone in this year's offering.

This event is a highlight of the year for the HR Team as it brings together deer breeders from across the country to share in fellowship while doing what we love. You can't put a price on the relationships created in the deer industry. Studying pedigrees to predict the next great one is something we can all get excited about. It's this passion and excitement that makes this event so special. I can't explain to you how exciting it is to watch everyone plan out the next super sire. On behalf of High Roller Whitetails, we want to extend our sincere thanks. Whether you consigned lots in the sale, it's your first time to invest in a deer, or you've been here for every event, this wouldn't be possible without you. Good luck to all of our participants!

# BLACKJACK AT 3

*Blackjack is quite possibly the most impressive buck our industry has ever seen. The perfect outcross for most anyone's breeding program with a look that is second to anything that most of us could ever dream up. There isn't anything that Blackjack is lacking when it comes to desirable antler characteristics. An all around giant frame with tine length, mass, spread, and unreal main beam length, all wrapped up into one tremendous and beautiful package.*
