

5TH ANNUAL

BIG BUCK DRAFT

& PREMIUM DEER SALE

BENCHMARK

JAN 8-9 2021

WWW.HIGHROLLERWHITETAILES.COM

HERE'S YOUR CHANCE AT THE BUCK OF A LIFETIME!

Choose from OVER 160 yearling bucks (CWD Certified Fourth Year, TC 1) and 60 does from the same herds. These will be some of the top pedigreed deer in the country. Participants will own 50% of their chosen buck with High Roller Whitetails retaining the remaining 50% and will own 100% of the does.

There will be a random drawing to select which order you will draft your bucks and does. The order will be selected on Friday night at the High Roller Sale and Draft. Once the order has been determined, let the games begin! You can swap, trade, or sell your draft position to receive a better spot or just to cash in a little early. You have all day to study pedigrees, make a decision as to what your final position will be, and what you intend your draft pick to be. Trades and sales of spots can be made amongst parties privately as long as they notify someone with the Draft Records of the official order change.

On Saturday, the person that ended up with draft position #1 will select their buck or doe from the line-up first. Their selected buck and any brothers that buck may have will no longer be available for any other contestant to select. The remaining contestants will follow in the same manner according to their draft number. For the BUCK draft, to ensure that no one gets the short end of the stick, the last two draft BUCK picks will have the option to select their bucks from the undrafted bucks AFTER THEY GROW OUT!!! The last position will have first choice, second to last will get second choice. For the bucks that have twin brothers, once one of the brothers has been selected, the others are no longer available to be selected by any other participant.

In the event that your drafted buck dies, you will be able to choose your next favorite out of the undrafted lineup of bucks until October 1, 2021. Selected does MUST be picked up by the end of February 2021. Arrangements can be made if the contestant chooses to let the buck grow out at High Roller Whitetails.

BUCK RULES

1. There will be a random drawing to select the order that participants will draft their buck. This will occur Friday night, January 8, 2021.
2. The last and second to last draft positions will be allowed to pick from the undrafted bucks once they grow out, no later than September 15, 2021. The last spot will pick first, followed by the second to last.
3. Participants have 3 minutes to decide upon their buck once it is their draft pick time.
4. Once the order has been established you can swap or trade positions amongst other participants to attempt to receive your desired draft position. Trading and selecting can occur prior to the end of the 3-minute selection period.
5. If participant is not able to decide upon a buck in their designated draft position they will forfeit their position until the end of the draft.
6. For bucks that have brothers, once one of the brothers is selected, the other brothers are no longer available to be chosen by any other participants.
7. In the case where said buck dies, owner has choice of remaining bucks based off of pedigree ONLY until October 1, 2021. In the case the buck dies after October 1, 2021, the owner and High Roller will lose all interest. In the event where the buck has been moved to owner's facility and dies prior to October 1, 2021 High Roller will allow owner to pick from remaining bucks in the draft based off of pedigree ONLY. The participant will have 72 hours to select their replacement buck.
8. If High Roller is exercising its 50% rights on said buck, both parties will split all costs.
9. Any veterinary care will be discussed with participant and High Roller Whitetails to determine how to handle care if the need arises while the buck is at High Roller Whitetails.
10. Arrangements can be made if a participant chooses to have their buck grow out at High Roller Whitetails.
11. If a draft buck remains at High Roller Whitetails past Nov. 1st, a feed and boarding charge will begin.

DOE RULES

1. There will be a random drawing to select the order that participants will draft their doe. This will occur Friday night, January 8, 2021.
2. Participants have 3 minutes to decide upon their doe once it is their draft pick time.
3. Once the order has been established you can swap or trade positions amongst other participants to attempt to receive your desired draft position. Trading can occur prior to the end of the 3-minute selection period.
4. If participant is not able to decide upon a doe in their designated draft position they will forfeit their position until the end of the draft.
5. Does MUST be picked up by end of February. If not, arrangements need to be made with High Roller Whitetails.
6. Any veterinary care will be discussed with participant and High Roller Whitetails to determine how to handle care if the need arises while the doe is at High Roller Whitetails.

BIG JAKE

Big Jake blew us away again this year with his massive wide frame and amazing tine length! At 4 years old he has quickly become one of our favorites. Big Jake is sired by Sudden Express over an extremely special Beyond Control daughter, Jackie. She is the product of our deepest foundation genetics going back to 20-28 over Monarch I over deep Flees breeding. She continues to impress us year after year with her production power. When we talk about consistency and predictability, Big Jake is a perfect example of what aggressive breeding anchored by strong foundation genetics can do. Huge production from an absolute giant is what can be expected from Big Jake.

DOE DRAFT

BLACKJACK

Blackjack is quite possibly the most impressive buck our industry has ever seen. The perfect outcross for most anyone's breeding program with a look that is second to anything that most of us could ever dream up. There isn't anything that Blackjack is lacking when it comes to desirable antler characteristics. An all around giant frame with tine length, mass, spread, and unreal main beam length, all wrapped up into one tremendous and beautiful package.

TEAM HIGH ROLLER

DOE UP!

Strong does are the cornerstone of any program and are key in producing the caliber of bucks it takes to compete in today's breeder market. These are the very girls that are the foundation of High Roller and have given us the consistency that has produced many breeders over the years. We know we couldn't do without their powerhouse dams as they continue to produce the next greater generation!

"A big buck can put you on top.....great does will keep you there!"
-High Roller Whittails

TRIGGERMAN

Trigger Man is one of the front runners in the direction the industry seems to be taking. He is what everyone strives to achieve: Clean, pretty, symmetrical, wide and tines. He flat out checks off all the boxes with less than 10 % extras on his frame. His pedigree alone is an impressive combination from some of our strongest foundation genetics being Express/ Easy Does It/ Gunslinger Dam. Everyone talks about big typical deer; Trigger Man is one of the biggest and best.

Let's take a minute & think about the production this bottom side has produced. Not only has Jennifer produce monsters herself, but she's passed it on to her daughters. Think of Paige & MVP Dival! Here's your chance at a direct Jennifer daughter to sweeten the deal, we've bred her to Money Talks & covering her to Benchmark. Win! Win!

BE A WINNER WITH BLACKJACK!!

Take your pick of 2 choice elite females BRED TO BLACKJACK!
2 x the money. Look at the bottom side of all four of these girls; they are amazing! Any choice will be a winner!

There will always be monumental animals and events in every industry. The impact that Express has had on our industry is still being felt today through his legacy. The number of breeder bucks Express has sired is mind boggling and since his mother went to Mexico our industry has never seen what else she had in store. However, Stacey is the ONLY female that has lineage going back to Express' mother. Stacey is Gladiator and Express' mother's sister and the mother to Tebow!!! White 6017 is such a special female because of Stacey. White 6017 is Unforgiven/Tebow/Ace/Stacey and we have bred her to the insanely long tined Big Jake. There are very few animals that will forever impact our industry, and this is one of them.

Selling a 2020 Blackjack Doe that is anchored by one of our most consistent maternal lines at 3-S White-tails. We put Blackjack over Unforgiven over 4169 who is Tebow / Ace / Tebow's dam, Stacey. W 4169 produced a 330" Sunrise 2 year old and her line has some of the highest rated maternal characteristics we measure: top 10% in weaning weights, survivability, and high mainframe scores in the male offspring from this line. Don't miss out on this one!

2020 BIG BUCK DRAFT PHOTOS

TEAM HIGH ROLLER

THANK YOU!

What a year! 2020 has been a challenging year for everyone. Deer breeders have proven to be resilient, adaptable and persistent during these unprecedented times and I've never been prouder to be a part of this industry.

The 2021 High Roller Big Buck Draft and Auction is an opportunity to share the industry's leading genetics in multiple ways. The goal of High Roller Whitetails has always been to improve every generation while being on the cusp of the latest and greatest genetics. We focus on our females, stacking as much power into their pedigrees as possible to provide consistent and predictable results. If you study this catalog, there's bound to be something for everyone. We firmly believe investing in superior genetics will pay dividends, regardless of the size of your operation.

Bringing together deer breeders from across the country is always a highlight of the year for us. It gives us a chance to share in fellowship while doing what we love. Studying pedigrees to predict the next great one is something we can all get excited about, and that's what makes this event so special. It's even more exciting on our end to see who we'll have the opportunity to partner with.

On behalf of High Roller Whitetails, I want to extend sincere thanks. Whether you attend every event, consigned lots in the sale, or it's your first time to invest in a deer, this wouldn't be possible without you. Good luck to all of our participants!

James Butler

TEAM HIGH ROLLER

WILLIE

Willie continues to impress with his jaw dropping frame and picture-perfect pedigree. His tremendous spread and multitude of stacked symmetrical tines come together to bring us one of the most impressive frames we have ever seen. Himself and his womb brother Waylon are quite possibly the largest 2 year old's to ever walk in High Roller's pens. Although huge Sudden Express sons continue to pop up all over the country, his maternal sides set them apart from the rest. His dam, Georgia, is sired by Jesse James going back to LaFawnda, who is 20-28 back on Jesse James' mother. Selective line breeding at its finest, with the super sire Sudden Express bringing it all together.
